RENAISSANCE BOOKS

**条約港日本における文化、権力、政治 1854~1899年****全2巻****Culture, Power and Politics in Treaty-Port Japan, 1854–1899: Key Papers, Press and Contemporary Writings 2 volume set**Edited by **J.E. Hoare**

Compared with their counterparts in China, the Japanese treaty ports cast a small shadow. They were far fewer—only four really mattered—and lasted for just under 50 years, while the Chinese ports made their centenary. Yet the Japanese ports were important. The thriving modern cities of Yokohama and Kobe had their origins as treaty ports. Nagasaki, a major centre of foreign trade since at least the 16th century, may not have owed so much to its treaty-port status, but it was a factor in its modern development.

SAGE

**EUの外交政策 全4巻****Foreign Policy of the European Union****4 volume set****Sage Library of International Relations**Edited by **Ben Tonra, et al.**

The European Union's significance as an international actor rests on several foundations. Empirically, the Union's size, scope and scale gives it a presence in the world in terms of politics, diplomacy, economics, trade and aid that is in need of analysis and contextualization. In theoretical terms, the Union is a fascinating experiment in democratic, multi-state, multinational polity-building the likes of which we have not seen before.

Across four volumes, the editors present the foundational articles that have shaped mainstream academic discourse surrounding this topic as well as a handful of more provocative pieces. The result is a series of maps; at different scales and highlighting different topographical features, which will cumulatively provide a sophisticated and nuanced understanding of this fascinating international actor.

Press

今回の出版社紹介

Amsterdam University Press (AUP) specializes in publishing high-level scholarly work, in book and journal form, in print and online in the following disciplines: Social & Political Sciences, Media & Communication Studies, History, Asian Studies, and Language & Linguistics.

Social & Political Sciences explores how ongoing social, economic, and political transformations affect local, national, European and global governance and society. With successful series like 'Protest and Social Movements', which aims to further our understanding of the origins, dealings,

decisions, and outcomes of social movements by fostering dialogue among many traditions of thought, across European nations and across continents.

AUP is distinguished by its open, creative and internationally oriented attitude and by its critical engagement. With its publications, the press also aims to stimulate societal debate. AUP connects authors with readers through worldwide marketing and an international network of distributors and partners. In this way, it forms a global source of knowledge and inspiration.

## 抗議運動の世界的拡散： 新自由主義の危機の中、抗議の波に乗る

# Global Diffusion of Protest: Riding the Protest Wave in the Neoliberal Crisis

*Protest and Social Movements, 11*

Edited by **Donatella Porta**

Recent years have seen a new development in the growth and spread of popular protest: protests that began as local, homogeneous events—such as Occupy Wall Street or the protests of the Arab Spring—quickly left their original locations, and local specificity, behind and became global. This book looks at the development of this wave of protests, with a specific eye on protests against austerity and neoliberal economic policies, and offers a global view, covering events in Turkey, Brazil, Venezuela, South Africa, Bosnia, Bulgaria, Ukraine, and other locations.

### About the author:

Donatella della Porta is Professor of Sociology at the Scuola Normale Superiore, where she directs the Centre on Social Movement Studies.

## アフリカとアジアの出会い：新たな連携と依存関係

# African-Asian Encounters: New Cooperations and New Dependencies

*Global Asia, 7*

Edited by **Azirah Hashim & Arndt Graf**

In recent decades, ties between Africa and Asia have greatly increased. And while most of the scholarly attention to the phenomenon has focused on China, often with an emphasis on asymmetric power relations in both politics and economics, this book takes a much broader view, looking at various small and medium-sized actors in Asia and Africa in a wide range of fields. It will be essential for scholars working on Asian-African studies and will also offer insights for policymakers working in this fast-changing field.

### About the authors:

#### Arndt Graf

Prof. Dr. Arndt Graf is Professor of Southeast Asian Studies at Goethe-University Frankfurt. Since 2013 he is also Speaker (with Prof. Dr. Frank Schulze-Engler) of the research project AFRASO (Africa's Asian Options) funded by the German Ministry of Higher Education and Research. AFRASO involves 40 colleagues from a broad variety of disciplines.

#### Azirah Azirah Hashim

Azirah Hashim is Professor of English Linguistics and Executive Director of the Asia-Europe Institute at the University of Malaya.

**北アイルランドの問題と社会運動の理論****The Troubles in Northern Ireland and Theories of Social Movements*****Protest and Social Movements***Edited by **Gianluca Fazio & Lorenzo Bosi**

This volume focuses on a number of research questions, drawn from social movement scholarship: How does nonviolent mobilization emerge and persist in deeply divided societies? What are the trajectories of participation in violent groups in these societies? What is the relationship between overt mobilization, clandestine operations and protests among political prisoners? What is the role of media coverage and identity politics? Can there be non-sectarian collective mobilization in deeply divided societies? The answers to these questions do not merely try to explain contentious politics in Northern Ireland; instead, they inform future research on social movements beyond this case. Specifically, we argue that an actor-based approach and the contextualisation of contentious politics provide a dynamic theoretical framework to better understand the Troubles and the development of conflicts in deeply divided societies.

**信念ある反抗者：****社会史国際研究所のまとめた社会史の5世紀****Rebels with a Cause: Five Centuries of Social History Collected by the International Institute of Social History**By **Jaap Kloosterman & Jan Lucassen**

Every age has had its rebels: socialists, peace activists, sexual reformers, fundamentalists, and more. The collections of the International Institute of Social History (IISH) in Amsterdam are full of them. The IISH is the world's largest documentation centre in the field of social history and emancipation movements.

This book looks back on seventy-five years of the IISH and its collections, with a focus on creative ideas and people who fought for radical change, from Karl Marx to Aung San Suu Kyi, the French Revolution to the Chinese student revolt of 1989, from the early modern world explorers to today's anti-globalists.

#### China's Aid to Africa: Does Friendship Really Matter?

(Routledge Studies in African Politics and International Relations)

152 pages 2017:05 Routledge

Hardback 9781138630390 £105.00

This book, extensively utilising Chinese sources, many of which have not been available before, examines the effectiveness and sustainability of China's foreign aid in Africa, as well as the political, economic and diplomatic factors that influence Chinese aid disbursement policies. The book argues that a nebulous notion of "friendship", however ill-defined, is a key factor in Chinese aid, something which is often overlooked by Western scholars.

### 国際経済・国際金融・貿易

#### Robert McNamara's Other War: The World Bank and International Development

(Politics and Culture in Modern America)

240 pages 2017:05 Univ. of Penn. Pr.

Hardback 9780812249064 US\$39.95

As president of the World Bank from 1968 to 1981, McNamara changed the way many people thought about international development by shifting the World Bank's focus to poverty alleviation. Though his efforts to redeem himself after his failures in Vietnam were well-intentioned, Sharma argues, his expansion of the World Bank's agenda contributed to a decline in the quality of its activities. McNamara's policies at the Bank also helped lay the groundwork for the economic crises that have plagued the developing world during the past three decades.

Hardback 9788776942267 ¥13,910

Paperback 9788776942274 ¥4,280

This fascinating study unveils the workings of the Indonesian migration regime, one that sends hundreds of thousands of women abroad as domestic workers each year. Drawing on extended ethnographic research since 2007, the book literally follows migrant women from a matrilineal village in upland Central Java, women who actively place themselves in a position to enter the migration pipeline, knowing that their lives abroad will be hard and even dangerous, and that staying in the village is an option.

# The Routledge Handbook of the Political Economy of Science

*Routledge International Handbooks*

Edited by **David Tyfield**, *et al.*

This *Handbook* presents a pioneering selection of the growing body of literature that has emerged in recent years at the intersection of science and technology studies and political economy. The central task for this research has been to expose important but consequential misconceptions about the political economy of R&I and to build more insightful approaches. This volume therefore explores the complex interrelations between R&I (both in general and in specific fields) and political economies across a number of key dimensions from health to environment, and universities to the military.

### China's Legitimacy Crisis: Republic Without Plebiscite

240 pages 2017:05 Lexington Books

Hardback 9781498544726 US\$95.00

This study examines the crisis of legitimacy in Chinese political discourse caused by the clash of Western republicanism, Russian Bolshevism, and traditional Chinese values. It analyzes the historical roots of the legitimacy crisis and investigates how China can find a sustainable path toward inclusive governance.

This book is a provocative look at the growth of non-stop election campaigning in Canada and its implications for Canadian democracy and how we are governed.

Sclafani, Jennifer

**Talking Donald Trump: A Sociolinguistic Study of Style, Metadiscourse, and Political Identity**

(*Routledge Focus on Linguistics*)

128 pages 2017:09 Routledge

Hardback	9781138244504	£45.00
----------	---------------	--------

Drawing from speeches, debates, and interviews, as well as media coverage and public reactions to his language, Sclafani reveals how Trump's language has produced such polarized reactions among the electorate. In analysing the linguistic construction of Donald Trump's political identity, this incisive study sheds light on the discursive construction of political identity and the multiple conflicting language ideologies associated with the discourse of leadership in contemporary US society.

Kepel, Gilles

**Terror in France: The Rise of Jihad in the West**

(*Princeton Studies in Muslim Politics*)

232 pages 2017:05 Princeton U.P.

Hardback	9780691174846	¥3,650
----------	---------------	--------

This is the highly anticipated English edition of Kepel's sensational French bestseller, first published shortly after the Paris attacks. Now fully updated to reflect the latest developments and featuring a new introduction by the author, *Terror in France* reveals the truth about a virulent new wave of jihadism that has Europe as its main target. Its aim is to divide European societies from within by instilling fear, provoking backlash, and achieving the ISIS dream—shared by Europe's Far Right—of separating Europe's growing Muslim minority community from the rest of its citizens.

**Nuclear Politics in Asia**

(*Durham Modern Middle East and Islamic World Series*)

256 pages 2017:09 Routledge

Hardback	9781138714694	£95.00
----------	---------------	--------

This book provides a comprehensive overview of the state of nuclear arsenals, nuclear ambitions and nuclear threats across different parts of Asia. It covers the Middle East (including Israel), China, India-Pakistan and their confrontation, as well as North Korea. It discusses the conventional warfare risks, risks from non-state armed groups, and examines the attempts to limit and control nuclear weapons, both international initiatives and American diplomacy and interventions.

The largely unknown story of the FBI's surveillance operations in Latin America during the 1940s provides new insights into leftist organizations and the nature of the U.S.'s imperial ambitions in the western hemisphere.

Courmont, Barthelemy *et al.* (ed.)

### Assessing Maritime Disputes in East Asia: Political and Legal Perspectives

(*Contemporary Issues in the South China Sea*)

258 pages 2017:05 Routledge

Hardback	9781472479426	£105.00
----------	---------------	---------

Offering a robust analysis, this volume explores disputes through the different lenses of political science, international law, history and geography, and introduces new approaches in particular to the four important disputes concerning Dokdo/Takeshima, Senkaku/Diaoyu, Paracels and Spratlys. Utilising a comparative approach, this book identifies transnational trends that occur in the different cases and, therefore, at the regional level, and aims to understand whether the resurgence of maritime disputes in East Asia may be studied on a case by case basis, or should be analysed as a regional phenomenon with common characteristics.

Del Sarto, Raffaella A.

### Israel Under Siege: The Politics of Insecurity and the Rise of the Israeli Neo-Revisionist Right

304 pages 2017:07 Georgetown U.P.

Hardback	9781626164062	US\$64.95
Paperback	9781626164079	US\$32.95

This work examines the creation of Israel's neo-revisionist consensus about security threats and regional order, which took hold of Israeli politics and society after 2000 and persists today.

DeLisle, Jacques & Goldstein, Avery (ed.)

### China's Global Engagement: Cooperation, Competition, and Influence in the 21st Century

**Khaki Capital: The Political Economy of the Military in Southeast Asia**

*(NIAS Studies in Asian Topics, 61)*  
304 pages 2017:05 NIAS Pr.  
Hardback 9788776942243 ¥13,910  
Paperback 9788776942250 ¥4,060

Although Southeast Asia has seen the emergence of civilian rule, the military continues to receive a large chunk of the national budget and, with significant assets and economic activities, often possesses enormous economic clout—enhancing its political power while hindering democratization or civilian rule. The political economy of the military in less developed countries is thus a crucial subject area in terms of democratization. This study examines such 'khaki capital' in seven Southeast Asian cases—Thailand, Myanmar, Vietnam, Laos, Cambodia, the Philippines and Indonesia.

## 引き延ばされた世界の終り: ジラールと日本

# Apocalypse Deferred: Girard and Japan

Edited by **Jeremiah L. Alberg**

The thoughts of René Girard on violence, sacrifice, and mimetic theory has exerted a strong influence on Japanese scholars as well as around the world. In this collection of essays, originating from a Tokyo conference on violence and religion, scholars call on Girardian ideas to address apocalyptic events that have marked Japan's recent history as well as other aspects of, primarily, Japanese literature and culture.

日本の安全保障と中国、アメリカへの経済的依存  
**Japan's Security and Economic Dependence  
on China and the United States:  
Cool Politics, Lukewarm Economics**  
*Politics in Asia*

By **Keisuke Iida**

With the rise of China, Japan and many East Asian countries are caught between maximizing profit from economic ties with her, and strengthening alliances with the United States to prevent China from overpowering them. Liberals and realists thus debate over the likelihood of either security tensions easing up or economic interdependence getting reduced eventually. On the other hand, Iida introduces a new theory that reinterprets the relationship between state security and economic interdependence among countries in the Asia-Pacific region.

Based on case studies of recent episodes in East Asia, and especially on the experiences of Japan, this book highlights an interesting dynamic between security and economic interdependence: risk avoidance.

日本とベトナム戦争後の東南アジアの形成：  
日本の外交とカンボジア紛争 1978～1993年  
**Japan and the Shaping of Post-Vietnam  
War Southeast Asia: Japanese Diplomacy  
and the Cambodian Conflict, 1978–1993**  
*Politics in Asia*

By **Andrea Pressello**

The Vietnamese invasion of Cambodia in 1978 and the outbreak of the Cambodian conflict brought Southeast Asia into instability and deteriorated relations between Vietnam and the Vietnam-backed government in Cambodia on the one hand and the ASEAN countries on the other. As a result, the USSR established a foothold in Southeast Asia and China, through its support to the anti-Vietnam Cambodian resistance, improved relations with Southeast Asian countries. Japan's Fukuda Doctrine became increasingly at odds with its role as a member of the Free World in the broader Cold War confrontation. Tokyo had to steer a path between Washington's hardline policy of isolating Hanoi and its own desire to prevent regional destabilization.

Against this background, this book addresses the following questions: how did Japan respond to the challenges to the post-Vietnam War Southeast Asian order that Tokyo had envisioned in the Fukuda Doctrine? What was the impact of the Japanese response on the stabilization and shaping of Southeast Asia and on Japan's role in the region? It argues that Japan's contribution was more active than has widely been recognized.

変わりゆく地域的文脈において発展するEUと日本の  
関係：法律、安全保障、政治

## Developing EU-Japan Relations in a Changing Regional Context: Law, Security and Policies

*Globalisation, Europe, Multilateralism*

Edited by **Dimitri Vanoverbeke**, *et al.*

Relations between the EU and East Asia have consistently expanded in recent years, particularly between the EU and Japan. Against the background of negotiations on an economic and strategic partnership agreement, the EU–Japan relationship is set to become the single most comprehensive ‘region-to-state’ relationship the world has known today, accounting for more than a third of world GDP and a combined population of more than 600 million people.

This book addresses the potential role of the EU, in cooperation with Japan, to craft a stable and prosperous mode of governance in the Asian region. In today’s globalized world seemingly defined by waxing Chinese power and waning American power, the book reflects the lack of appreciation for an EU–Japan concert in maintaining and developing multilateral principles. It aims towards fortifying this relationship by acknowledging that in order to enhance the credibility and capabilities of such an alliance, it is necessary to take stock of where the partnership stands today, what kind of obstacles still need to be overcome and which options have been left untouched.

ソフトパワーとしての日本の民主化支援：  
ネオクラシカル・リアリズム分析

## Japan's International Democracy Assistance as Soft Power: Neoclassical Realist Analysis

*Politics in Asia*

● By **Maiko Ichihara**

This book intends to answer the questions of why Japan has started emphasizing democracy assistance and why it has relegated itself to a minor role in democracy assistance nevertheless. It argues that Japan’s emphasis on democracy assistance reveals its intention to increase its political influence with regards to China based on democratic values, and its usage of the term “democracy assistance” is a performative speech act to orchestrate a comprehensive approach for international democracy support.

グローバル危機と持続可能なテクノロジー

## Global Crisis and Sustainability Technologies

By **Kenji Uchino**

*Global Crisis and Sustainability Technologies* is a nontechnical introduction and overview of the current “politico-engineering”—politically initiated engineering—intended for an international relationship. The book focuses specifically on technologies for crisis and societal sustainability in response to natural disasters, infectious diseases, enormous accidents, terrorist or criminal incidents, war or territorial invasions, elimination of toxic materials, and renewable energy, as well as risk management.

## National Security, Public Opinion and Regime Asymmetry: A Six-Country Study

Edited by **T.J. Cheng**

New conventional wisdom posits that the public in democracies is inattentive but not really ignorant nor easily swayed, and indeed quite consistent and thoughtful when it comes to national security and foreign policy issues. This volume builds on such a claim to study the attributes and impacts of public opinion on foreign and national security policy in six democracies: Taiwan, South Korea, Israel, Ukraine, Finland and West Germany. These countries face acute and sustained national security challenges posed by stronger authoritarian regimes close by, namely China, North Korea, the Arab nations, Russia and the Soviet Union. Many have studied public opinion and national security in democracies, but few have studied national security strategy of weak powers confronting great powers. This volume is the first attempt to examine this topic.
