花籃：日本の竹工芸名品集 1850～2015

三ヶ国語表記 (英語・日本語・簡体字中国語)

Baskets: Masterpieces of Japanese Bamboo Art 1850-2015

Text in English/Japanese/simplified Chinese

Edited by **Joe Earle** / Photos by **Bertrand Stark**

The owner of the anonymous 'Naej Collection' announces the publication of a trilingual catalogue featuring three hundred and twenty-three masterpieces of Japanese bamboo art. Although the entire history of the genre is covered, the Naej Collection is especially strong in works by leading artists from the formative period 1850-1950, when Japanese basketry was established as an independent medium, the great craft dynasties were founded, and first Osaka and then Tokyo emerged as major centres of creativity. More than 90 per cent of the baskets are signed and the catalogue breaks new ground by providing full details and photographs both of the signatures and of the storage-box inscriptions, which include much precious documentary information. The catalogue is thus not merely the visual record of a great collection but the essential reference work for a developing field of study and connoisseurship.

Following an essay outlining the evolution of bamboo art in Japan and a small section introducing earlier Chinese baskets and Japanese baskets in Chinese style, the bulk of the catalogue is organized by artistic lineages, starting with the founding father Hayakawa Shokosai I (1815-1897) and his successors and moving on to the other great craft dynasties based in Osaka, including large sections devoted to the Yamamoto Chikuryosai, Tanabe Chikuunsai, and Maeda Chikubosai lines. From catalogue number 192 the focus moves to the Iizuka line in Tochigi Prefecture and Tokyo, with numerous works by Hosai II, Rokansai, and Shokansai. The story is then continued into the post-war period when artistic basketry came to be practised in many other parts of Japan and a new generation of masters emerged, supported by patrons in both Japan and the United States. Each of the 14 sections of dramatic colour plates (in most cases with both general and detail images) is followed by a section printed on matt paper with photographs of all the signatures and box inscriptions and biographies of each artist. The catalogue concludes with a bibliography, glossary, and artist index. All the information is provided in three languages: English, Japanese, and mainland Chinese using simplified characters.

Japanese Art: Critical and Primary Sources

4 volume set

Edited by **Morgan Pitelka**

Japanese Art: Critical and Primary Sources is a four-volume reference work offering a critical overview of the history and culture of Japanese art. Drawing upon a wide range of English-language texts, the volumes explore the diverse and changing material and visual cultures of Japan from the pre-modern period to the present day. Over 75 essays from Asia, North America and Europe are assembled in this set and they address four major themes—material cultures (Buddhist objects, ceramics, textiles, interiors), visual cultures (painting, calligraphy, photography), printed matter (wood-block prints, books) and the context for Japan's art history (networks of patronage, sites of artistic production and consumption). Each volume is separately introduced and the selected materials are presented thematically, and chronologically within categories. Together the four volumes of *Japanese Art* present a major scholarly resource for the field.

ジョン・ネイスン著 漱石: 近代日本の偉大な作家

Soseki: Modern Japan's Greatest Novelist

Asia Perspectives: History, Society, and Culture

By **John Nathan**

John Nathan provides a lucid and vivid account of Natsume Soseki, the father of the modern novel in Japan. This biography elevates Soseki to his rightful place as a great synthesizer of literary traditions and a brilliant chronicler of universal experience who, no less than his Western contemporaries, anticipated twentieth-century modernism.

(Routledge Studies in the Modern History of Asia)

288 pages 2018:06 Routledge

Hardback 9781138068643 £115.00

This scholarly book is based on in-depth interviews with people, now aged, who were school students at the time of the Occupation and who experienced at first hand this immense cultural change. The book considers the nature of the changing outlook, including democratization, the new role for the Japanese Emperor and all this represented for the place of tradition in Japanese life and the growing emphasis on individualism away from collectivism, discusses the changing system of education itself, including new structures and new textbooks, and relates the feelings of the participants as they came to terms with defeat and the language and culture of the former enemy.

MULTILINGUAL MATTERS

”あこがれ”から自他を越えて：
日本の英語教育と高等教育の国際化

**Transcending Self and Other Through
Akogare [Desire]: The English Language
and the Internationalization of Higher
Education in Japan**

New Perspectives on Language and Education

By **Chisato Nonaka**

The Japanese concept of *akogare* has become well known in TESOL-related literature in recent years, usually in the context of interracial sexual desire. In this far-reaching new study of the internationalization of Japanese Higher Education, Chisato Nonaka uses *akogare* as both an analytical lens and the object of enquiry, and ultimately reconceptualises it as the creation of a space where individuals negotiate and transcend their ethnic, national, racial, gender or linguistic identities. The book innovatively engages with the often controversial binary of Japanese/non-Japanese, and demonstrates how Japan (often thought of as a homogenous nation) may be at a critical crossroads where long-held assumptions about a singular 'Japanese identity' no longer hold true. The book has profound implications for how 'internationalization' can mean more than just the use of English.

宮崎駿：日本の偉大なアニメーターの初期作品研究

Hayao Miyazaki: Exploring the Early Work of Japan's Greatest Animator

Animation: Key Films/Filmmakers

By **Raz Greenberg**

Hayao Miyazaki's career in animation has made him famous as not only the greatest director of animated features in Japan, the man behind classics as *My Neighbour Totoro* (1988) and *Spirited Away* (2001), but also as one of the most influential animators in the world. This book examines his earliest projects in detail, alongside the works of both Japanese and non-Japanese animators and comics artists that Miyazaki encountered throughout his early career, demonstrating how they all contributed to the familiar elements that made Miyazaki's own films respected and admired among both the Japanese and the global audience.

Welcoming the West: Japan's Grand Resort Hotels

By **Andrea P. Leers** (text)

Japan's grand resort hotels, built during the era between the Meiji Restoration (1868) and the 1930s are endearing examples of cultural exchange with the West. These hotels are romantic hybrids of Beaux Arts grandeur and Japanese temple and shrine motifs. This book focuses on the history and design of six of these hotels: the Nara, the Fujiya, the Nikko Kanaya, the Fuji View, the Biwako, and the Gamagori.

中国と日本におけるリスクと食品の安全：
理論的展望と経験的見識

**Risk and Food Safety in China and Japan:
Theoretical Perspectives and Empirical
Insights**

Routledge Studies in Food, Society and the Environment

Edited by **Louis Augustin-Jean** and **Jean Pierre Poulain**

This book addresses the relations between risk and food theoretically and empirically through case studies from Japan and China. Part one of the book examines the interaction between theoretical aspects and decision-making. The book theorizes the links between food and risk and analyses the decision-making process in light of risks and governance. The relationship between food risks, governance systems, and economic decisions is assessed to explore ideas such as the “pact of nutrition” and the theory of weak signals. Part two examines case studies from China and Japan in the aftermaths of recent crises such as the milk powder scandal in China and food safety following the Fukushima nuclear accident and tsunami in Japan.

**An Anthropology of the Machine:
Tokyo's Commuter Train Network**

By **Michael Fisch**

With its famously packed cars and disciplined commuters, Tokyo's commuter train network is one of the most complex technical infrastructures on Earth. In *An Anthropology of the Machine*, Michael Fisch provides a nuanced perspective on how Tokyo's commuter train network embodies the lived realities of technology in our modern world. Drawing on his fine-grained knowledge of transportation, work, and everyday life in Tokyo, Fisch shows how fitting into a system that operates on the extreme edge of sustainability can take a physical and emotional toll on a community while also creating a collective way of life—one with unique limitations and possibilities.

Land, Power, and the Sacred: The Estate System in Medieval Japan

464 pages 2018:07 Univ. of Hawaii Pr.

Hardback 9780824872939 US\$74.00

From the tenth to sixteenth centuries, landed estates served as sites of de facto government, trade network nodes, developing agricultural technology, and centres of religious practice in Japan. This volume examines the system from three perspectives: the land itself; the power derived from and exerted over the land; and the religious institutions and individuals involved in landholding practices.

Between Democracy and Technocracy: Regulating Administrative Guidance in Japan

192 pages 2018:05 Lexington Books

Hardback 9781498562218 US\$90.00

The book examines the relationship between democracy and technocracy with Japan as the case study. Not only does this study look at specific policy initiatives and the regulatory process in multiple areas from telecommunications to pharmaceuticals, but it also reviews multiple ministries which have not traditionally been studied.

Being Young in Super-Aging Japan: Formative Events and Cultural Reactions

(Routledge Contemporary Japan Series)

230 pages 2018:05 Routledge

Hardback 9781138494978 £115.00

This book studies Japanese youth in the aging society in detail. It analyses formative events and cultural reactions. Themes include employment, parenthood, sexuality, but also art, literature and language, thus demonstrating how the younger generation can provide insights into the future of Japanese society more generally.

How to Reach Japan by Subway: America's Fascination with
Japanese Culture, 1945–1965

(Studies in Pacific Worlds)

294 pages 2018:06 U. of Nebraska Pr.

Hardback 9780803299634 US\$50.00

Examines the *shibui* phenomenon, in which American consumers embraced Japanese culture while still exoticizing this new aesthetic. By examining *shibui* through the popularity of samurai movies, ikebana flower arrangement, bonsai cultivation, home and garden design, and Zen Buddhism, Mettler provides a new context for understanding how Americans encountered a foreign nation in their everyday lives.

Gathering for Tea in Modern Japan: Class, Culture and
Consumption in the Meiji Period

(SOAS Studies in Modern and Contemporary Japan)

208 pages 2018:06 Bloomsbury Academic

Hardback 9781350014015 £85.00

By examining *chanoyu*—the custom of consuming matcha tea—in the Meiji period, *Gathering for Tea in Modern Japan* investigates the interactions between intellectual and cultural legacies of the Tokugawa period and the incoming influences of Western ideas, material cultures and institutions. It explores the construction of Japan's modern cultural identity, highlighting the development of new social classes, and the transformation of cultural practices and production-consumption networks of the modern era.

Anti-nuclear Protest in Post-Fukushima Tokyo: Power
Struggles

(Routledge/Asian Studies Association of Australia ASAA East Asian Series)

256 pages 2018:05 Routledge

Hardback 9781138563346 £115.00

This book explores the politics of anti-nuclear activism in Tokyo after the Fukushima nuclear disaster of March 2011. Analyzing the protests in the context of a longer history of citizen activism in Tokyo, it also situates the movement within the framework of a global struggle for democracy, from the Arab Spring to Occupy Wall Street.

● Matsumoto, Miwao

The Sociology of "Structural Disaster": Beyond Fukushima

(Routledge Studies in Science, Technology and Society)

272 pages 2018:09 Routledge

Hardback 9781138230347 £105.00

How and why did credible scientists, engineers, government officials, journalists, and others collectively give rise to a drastic failure to control the threat to the population of the Fukushima disaster? Why was there no effort on the part of inter-organizational networks, well-coordinated in the nuclear village, to prevent the risks from turning into a disaster? This book answers these questions by formulating the concept of "structural disaster" afresh.

The Aftermath of the 2011 East Japan Earthquake and
Tsunami: Living among the Rubble

230 pages 2018:05 Lexington Books

Paperback 9781498542531 US\$44.99

Based on witness testimony and 18 months of fieldwork, this work of disaster ethnography examines the effects of East Japan's 2011 earthquake and tsunami on the fishing town of Otsuchi. It analyzes how local social systems developed to cope with the destruction and redevelopment and how residents behaved and narrated their own experiences.

Political Sociology of Japanese Pacifism

(*Routledge Contemporary Japan*)

224 pages 2018:10 Routledge

Hardback 9781138058712 £105.00

While Japanese pacifism is usually seen as a national policy or an ideology rooted in the provision of Article 9 of the Japanese Constitution, it cannot be adequately understood without grasping Japanese social discourses on peace, war and justice. The perspective of political sociology provides a more in-depth understanding of Japanese pacifism and helps us to find the reasons for the critical changes that have occurred in Japan's policies since the mid-2000s. Employing a multidisciplinary approach, the book contributes to theoretical debates on political sociology as well as Japanese and Asian studies. Japan is in an important transitional period and Japanese pacifism is being brought into question in changing national and international contexts.

Kapur, Nick

Japan at the Crossroads: Conflict and Compromise after Anpo

298 pages 2018:08 Harvard U.P.

Hardback 9780674984424 US\$39.95

In 1960, when Japan revised the postwar treaty that allows a U.S. military presence in Japan, the popular backlash changed the evolution of Japan's politics and culture, and its global role. Nick Kapur's analysis helps resolve Japan's essential paradox as being innovative yet regressive, flexible yet resistant, imaginative yet wedded to tradition.

Takazawa, Koji / Steinhoff, Patricia G. (ed.)

Destiny: The Secret Operations of the Yodogo Exiles

416 pages 2017:07 Univ. of Hawaii Pr.

Paperback 9780824872793 US\$24.99

An example of superb investigative journalism, *Destiny: The Secret Operations of the Yodogo Exiles* offers Takazawa's powerful story of how he exposed the Yodogo group's involvement in the kidnapping and luring of several young Japanese to North Korea, as well as the truth behind their Japanese wives' presence in the country.

日本の現代政治

Japanese Contemporary Politics

Routledge Studies on Comparative Asian Politics

By **Akio Igarashi**

This book traces these developments in Japanese politics from the end of the Asia Pacific wars to the present day. Examining each of the key stages of transition, it looks at Japanese politics from four aspects: high politics, interest-centered politics, life-centered politics, and globalization. It also provides up to date analysis of contemporary themes, including the Abe administration's challenge to international politics and coverage of nuclear issues.

皇室と民主主義

Dynasties and Democracy: The Inherited Incumbency Advantage in Japan

*Studies of the Walter H. Shorenstein Asia-Pacific Research
Center*

By **Daniel M. Smith**

Although democracy is, in principle, the antithesis of dynastic rule, families with multiple members in elective office continue to be common around the world. In most democracies, the proportion of such "democratic dynasties" declines over time, and rarely exceeds ten percent of all legislators. Japan is a startling exception, with over a quarter of all legislators in recent years being dynastic. In *Dynasties and Democracy*, Daniel M. Smith sets out to explain when and why dynasties persist in democracies, and why their numbers are only now beginning to wane in Japan—questions that have long perplexed regional experts.

日本の共産党

The Japanese Communist Party: Permanent Opposition, but Moral Compass

Routledge Contemporary Japan

By **Peter Berton**

This book provides an historical overview of the Japanese Communist Party from its foundation to the present. It outlines the development of the party, explores its stance on key issues and discusses how the party has set a high moral tone, avoiding compromising coalitions with other parties, being intolerant of corruption within its own ranks, and frequently and consistently opposing the ruling Liberal Democratic Party.

現代日本のアニミズム

Animism in Contemporary Japan

Routledge Contemporary Japan

By **Shoko Yoneyama**

The book explores this notion of animism through the lens of four prominent figures in Japan: animation film director Miyazaki Hayao, sociologist Tsurumi Kazuko, writer Ishimure Michiko, and Minamata fisherman-philosopher Ogata Masato. Taking a biographical approach, it illustrates how these individuals moved towards the conclusion that animism can help humanity survive modernity.

Language in the Buddhist Tantra of Japan: Indic Roots of Mantra

240 pages 2018:08 Bloomsbury Academic

Hardback 9781350037267 £85.00

In contrast to Western approaches to the philosophy of language, which are grounded in viewing language as a form of communication, this book argues that it is the Indian and East Asian philosophies of language that shed light on the use of language in meditative and ritual practices in Japan. It also illuminates why language was conceived as an effective means of progress on the path from delusion to 'awakening'.

BLOOMSBURY ACADEMIC

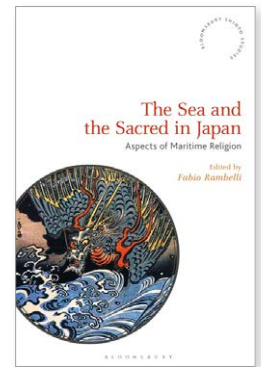

日本における海と聖性

The Sea and the Sacred in Japan: Aspects of Maritime Religion

Bloomsbury Shinto Studies

Edited by **Fabio Rambelli**

Scholars from North America, Japan and Europe explore the sea and the sacred in relation to history, culture, politics, geography, worldviews and cosmology, space and borders, and ritual practices and doctrines. Examples include Japanese indigenous conceptualizations of the sea from the Middle Ages to the 20th century; ancient sea myths and rituals; sea deities and sea cults; the role of the sea in Buddhist cosmology; and the international dimension of Japanese Buddhism and its maritime imaginary.

Civil Society and Postwar Pacific Basin Reconciliation: Wounds, Scars, and Healing

(Routledge Studies in the Modern History of Asia)

240 pages 2018:05 Routledge

Hardback	9781138055018	£115.00
----------	---------------	---------

Organised into five parts, the book begins by scrutinizing the conflicting attitudes towards Japanese post-war society and identifies the various legacies of the war. It also provides an examination of the aftermath of Hiroshima and Nagasaki, before studying contemporary civil society and analysing the way memories of the war have changed with time. Each of the chapters discusses the Japanese government's inability to achieve reconciliation with its neighbours, despite the passage of over 70 years, and the denial of the atrocities committed by the Imperial Army.

日本の条約港における文化・権力・政治 1854～1899年：同時代重要文献集 全2巻

Culture, Power and Politics in Treaty-Port Japan, 1854–1899: Key Papers, Press and Contemporary Writings 2 volume set

Edited by **J.E. Hoare**

This two-volume collection, supported by an in-depth introduction that addresses origins, actuality, endgame and afterlife, brings together for the first time contemporary documentation and more recent scholarship to give a broad picture of Japan's Treaty Ports and their inhabitants at work and play in the second half of the nineteenth century. Compared with their counterparts in China, the Japanese treaty ports cast a small shadow. They were far fewer—only four really mattered—and lasted for just under 50 years, while the Chinese ports made their centenary. Yet the Japanese ports were important. The thriving modern cities of Yokohama and Kobe had their origins as treaty ports. Nagasaki, a major centre of foreign trade since at least the sixteenth century, may not have owed so much to its treaty-port status, but it was a factor in its modern development.

イギリスの歴代外務大臣と日本 1850～1990年

British Foreign Secretaries and Japan, 1850–1990: Aspects of the Evolution of British Foreign Policy

Edited by **Antony Best** and **Hugh Cortazzi**

This book reviews the role of British Foreign Secretaries in the formulation of British policy towards Japan from the re-opening of Japan in the middle of the nineteenth century to the end of the twentieth century. It also takes a critical look at the history of British relations with Japan over these years.

日本国家の現状:

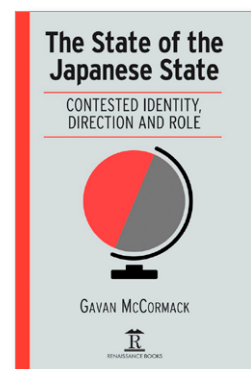

試練にさらされるアイデンティティ・方途・役割

The State of the Japanese State: Contested Identity, Direction and Role

Renaissance Books Asia Pacific Series, 4

By **Gavan McCormack**

McCormack argues that Abe Shinzo's efforts to re-engineer the Japanese state may fail, but his radicalism continues to shake the country and will have consequences not easy now to predict. The significance will be widely recognized by those researching contemporary world politics, international relations and the history of modern Japan.
